Out of School Services

Out of school, services are for school-age children to play and learn and have fun in groups. In Brent they are held in schools, at community venues, in parks and/or sports centres.

Registration with the Office for Standards in Education (Ofsted)

All childcare providers must join the early years register if they care for children up to the end reception class age or the compulsory childcare register if they care for children aged 5 to under 8 years. They may join Ofsted's voluntary register if they only care for children over 8 years or they provide after school activities that do not count as childcare. They do not register with Ofsted if they are provided by a school-on-school premises but parents who are eligible for the childcare element of Working Tax Credit may claim for childcare at after school provision in schools.

Ask at your child's school to find out what services they provide.

Some have clubs for particular activities such as football or music even if they do not have an after school club. These activities do not count as childcare and if there is a charge, you will not be able to claim childcare costs for them unless they are on Ofsted's voluntary childcare register.

How do I know my child will be safe and secure?

Out of school services registered with Ofsted are checked to make sure staff are suitable to look after children. At least half of staff working with these services must be trained. The minimum staffing ratios are 1 worker, paid or voluntary, to every 8 children aged 3 to under 8. Care for children aged 8+ must not adversely affect younger children. There must be at least two full time staff members in every group of 26 children. At least one of these must have or be working towards an appropriate qualification. Out of school services provided by schools are inspected by Ofsted as part of the school's regular education inspection.

All staff, whether paid or voluntary, full time or part time, qualified or unqualified, must have a Disclosure and Barring Service (DBS) enhanced disclosure.

How many children will there be?

In Brent it varies from 10 to 150, depending on the accommodation. Higher numbers are taken at a smaller number of locations in the holidays.

What age range of children will be there?

Most children attending out of school services are aged between 5 and 11. Some services provide places for three and four year olds to fit around nursery or pre-school education. Some services provide places for children aged 10-14.

What about part-time childcare?

Many out of school services will be happy to offer you part-time childcare. You may need to book regular sessions to make sure a place is available when you need it.
